Implementation of New Policies
PY-2001-28

-
New policies and changes to current policies approved by the Workforce Development Board shall be implemented immediately unless otherwise directed by the Board.

-
New policies and changes to current policies that effect currently enrolled program participants shall be handled as follows:

- If the new/changed policy benefits the currently enrolled program participant, his/her file may be amended to reflect the new or changed policy, unless otherwise directed by the Board.
- If the new or changed policy negatively affects the currently enrolled program participant, amendment of his/her file to reflect the new or changed policy is not required, unless otherwise directed by the Board.
