

Since I started my new position in August 2018, The Amsterdam Workforce Solutions Team has been a valued associate. They have directed my job ad to narrow to specific counties. They know what and how the job seeker is looking – valued information. The Amsterdam Workforce Solution is readily available to my remote interviewing needs. Every staff member is pleasant to work with. They make working remote, a home away from home. Thank you for all your support. You rock!

Warm Regards,
